WHY DOESN'T THE COUNT

Give Her the Absent Treatment? De Beaufort's H-e-a-r-t is Broken.

By United Press Wire.

Chicago, Jan. 2.—Little maid of old Chicago. You will miss me when I am gone; Though your father had a million, Still I know you will be forlorn, If I had my arm around you, You would see my love is true, Little maid of old Chicago, Your count still loves you!

Count De Beaufort today admitted that the last chance of a reconciliation with his wife was gone and that his cherished conviction that her old love for him would return, was a dream. He then wrote the above lines insisting he still loves his wife for herself and not because of her millions.

"It is not the Kilgallen's wealth that I want," said the count. "It is my wife. My heart is broken. But I think that if I could hold Irma's hand again for five minutes all would be well and we would be happily reunited."

Reduction in Price of Tires.
Akron, O., Jan. 2.—The Goodyear Tire & Rubber company today announced a reduction of ten per cent. in the cost of automobile tire castings and fifteen per cent. in the price of tire tubes. Reduction in the price of crude rubber is given as the reason for the cut. The reduction follows a fifteen per cent. cut in tire prices which was announced by the Goodyear company three weeks ago and it is expected that the new prices will be met by automobile tire manufacturers all over the country.

Stomach Sufferers Squander Millions
In Search of Relief.

Stomach sufferers are wasting millions of dollars in the search of relief. The world is full of disordered stomachs and 50 per cent. of the money spent upon physicians and drugs goes in an attempt to cure the stomach.

People are made to believe that in order to gain health they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the physic, until the savings of a life time are exhausted and yet no cure.

Let's be reasonable. The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements that its lacks to get that food into liquid form. It takes pepsin, diastase, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablet is made up of just what the dyspeptic stomach lacks—nature's digestives.

Stuart's Dyspepsia Tablets are not a medicine, not a drug, nor a cathartic. They do not cure anybody of anything but dyspepsia and indigestion and such ailments as arise from poorly digested food.

While they digest the food the stomach recovers. The mucous membrane is coming out of its stupor, the gastric juice is coming to the surface, the muscles are regaining their power. Every organ of the body takes on new life, the skin gains color, and the eyes are no longer tinged with yellow. You live.

Why doctor and why drug yourself? Stuart's Dyspepsia Tablets will take care of your food while nature cures you.

Try a box at your druggists, 50 cents. Or, if you prefer a free trial package before buying, send your name and address today. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

LET NOT YOUR HEART BE

Troubled—That is to be the Watchword of Gov. Dix of New York.

By United Press Wire.
Albany, N. Y., Jan. 2.—"Let not your heart be troubled." This verse of scripture from the fourteenth chapter of John is to be the watchword of John A. Dix, New York's first Democratic governor in sixteen years.

In taking the oath of office today Governor Dix kissed this text selected by his wife.

The new state executive head was inaugurated at the capitol following a spectacular military and civil parade beginning at 11 o'clock. He rode in his automobile accompanied by members of his staff. Out-going Governor White and his staff also figured in the procession.

The inaugural exercises opened with a prayer by Bishop Doane. The oath of office was administered by Secretary of State Lazansky. Just as the last words of the oath were repeated the band played "The Star Spangled Banner" and the guns of the first battery fired a salute of nineteen guns.

Ex-Governor White then made an address which was followed by the inaugural speech of the new governor.

A reception was held at the executive mansion this afternoon. In his inaugural address, Governor Dix said in part:

"Frankly, we have reached a point in our state where we are living beyond our means. The pressing duty of the hour is a measure of reform and retrenchment which will reverse this condition and restore us to the healthy and normal position where we shall have something more than a largely fictitious surplus."

"I realize that this is neither a pleasant nor a popular position for an incoming governor to take. I doubt not it would be more conducive to an easy popularity were I to use this occasion to suggest that the attention of the people should be fixed upon the solution of abstract questions having to do with conduct and morals—all admirable and necessary in their way—rather than to direct attention to the humdrum but nevertheless vital problem of receipts and expenditures."

"In my opinion it is far better to insist on inconvenience and difficulty in public departments than to resort to an expenditure which will compel a reform to direct taxation."

Marriage licenses have been granted to Archie Milton Biber and Miss Myrtle May Homan; Harley E. Powell and Miss Lillie May Carr, and James Howard Morrison and Grace Mildred Temple.

**CERTAIN TO
BE KILLED**
As There Are Assassins both Among Their Friends And Their Enemies.

By United Press Wire.
Badajoz, Spain, Jan. 2.—The provisional rulers of Portugal, particularly Foreign Minister Machado, are in danger of assassination from both the Radicals in their own party and from those fostering the growing monarchical movement, according to persons arriving here today from Lisbon.

These persons say that President Braga and his cabinet have fairly firm hold on the situation but that their lives are in danger. There are said to be hundreds of republican fanatics who helped to establish the republic but who are now aggrieved that the promised Utopia was not immediately realized. They are accused of having sinister designs upon the ministry.

The ministers are constantly receiving anonymous death threats. All of them are under heavy guard whenever appearing in public.

False Alarm.
Two youngsters took it upon themselves this morning about 10 o'clock to teach a visiting friend from Kansas the ways of the city and his first lesson was the operation of the fire boxes. Box 39, located in front of the shoe factory on the Boulevard, was opened and an alarm sent in. The department responded to the call, only to find an open fire box and no fire in sight. After a little detective work on the part of the chief, the three lads were located on Mount street, but because of their extreme youth they will not be prosecuted. The Kansas lad's name was Waterhouse and is visiting at the Hagen home on Mount street.

is today well under way. Bonilla sent a small force against the government garrison at Puerto Cortes late yesterday and this is practically in the hands of revolutionists.

Soldiers of the government are deserting in large numbers to Bonilla. Part of a force arriving with Bonilla and Christmas has been sent on toward this capital as a reserve force to the main army which is expected to reach here this week. The army is advancing at easy stages, putting to rout all opposition. That president Cabrera of Guatemala, the most prosperous of all Central American states, has broken with Washington and all neutrality laws is indicated by the fact that Bonilla and Christmas picked up most of their men on Guatemalan soil. Their boat, the Horriet, called at several Guatemalan ports, Cabrera, a craft ruler, is partly inspired by hatred for President Davila, who is a protégé of Zelaya, deposed dictator of Nicaragua. That Bonilla will win is almost assured.
